Regency Fresh Test Kitchen

Our new makerspace test kitchen, Regency Fresh, is officially up and running! We held our grand opening ceremony on October 17. The ceremony featured speeches by Commissioner Mike Wells and branch manager Mary Kate Downing, as well as a full breakfast and an informative plant-based cooking demonstration by Chef Warren Caterson. We’ll be offering a wide variety of cooking in the future, from Delicious Dishes for tweens to Cultural Cooks for adults. See you in the kitchen!
